Club Giving

empowering women and
girls to live their dreams

Imagine how much more we could do when every club contributes at least 10% of their locally raised funds, and even increases their donation over last year by 10%.

Club Giving empowering women and girls to live their dreams

Club Giving contributions provide the funding necessary for our global Dream Programs. The combination of all clubs' donations ensures SIA can increase the number of women and girls who benefit from our programs throughout our 21 countries and territories.

Below are just a few of the many ways your Club Giving contribution helps women and girls:

- Granting **Live Your Dream Awards** to women who do not live near a club
- Providing **Soroptimist Club Grants** to support a Dream It, Be It program or other local projects
- Enabling a **newly chartered club** to provide a Live Your Dream Award in their local community
- Funding **additional region and federation level Live Your Dream Awards**

Imagine how much more we could do when every club contributes at least 10% of their locally raised funds, and even increases their donation over last year by 10%.

Together, we've made great strides in helping women and girls live their dreams. However, there are so many more women and girls facing obstacles who could benefit from our Dream Programs.
